EXPERIENCE

Frontend Developer

Feb. 2023 – Nov. 2023

Tribe Inc.

US

- Spearheaded the development of a dynamic and responsive frontend architecture using ReactJS, contributing to an enhanced user experience.
- Collaborated closely with cross-functional teams to integrate and optimize interactive streaming services, leveraging Zoom Video SDK and Amazon IVS technologies.
- Played a pivotal role in the seamless integration of white labeling solutions, addressing the unique branding requirements of diverse clients.
- Conducted regular code reviews and implemented best practices, ensuring code quality and maintainability.
- Actively participated in agile development methodologies, fostering a collaborative and adaptive work environment.
- Stayed abreast of emerging frontend technologies, incorporating innovative solutions to enhance the overall product quality.
- **Technologies used:** HTML, CSS, JavaScript, ReactJS, React Router, React Redux, Zoom API, Amazon IVS.

Web Developer

July. 2019 – Feb. 2023

Dar al-Malik Foundation.

India

- Conceptualized and executed the entire lifecycle of a multilingual e-commerce store, specializing in book sales, from design and development to ongoing management.
- Customized and extended WordPress and WooCommerce functionalities to align with specific organizational needs, showcasing a deep understanding of CMS platforms.
- Implemented robust security measures and optimized website performance, resulting in a significant reduction in page load times.
- Managed and curated Arabic and English content for the e-commerce platform, ensuring cultural sensitivity and linguistic accuracy.
- Collaborated with stakeholders to gather requirements, providing tailored technical solutions that met both business and user needs.
- Conducted training sessions for internal teams, fostering knowledge transfer and ensuring smooth operations post-implementation.
- **Technologies used:** HTML, CSS, JavaScript, PHP, MySQL, WordPress, WooCommerce.

PROJECTS

TalabCafe | *PHP, HTML, CSS, JavaScript, WordPress, Rest API, Android*

2019

Designed and developed a robust web portal and Android mobile application for the Fast-Moving Consumer Goods (FMCG) industry.

- Utilized PHP, HTML, CSS, JavaScript, and integrated Rest API for seamless data exchange.
- Ensured user-friendly interfaces and smooth navigation to enhance user experience.

BSF Unity | *PHP, HTML, CSS, JavaScript, WordPress*

2019

Spearheaded the execution of web-based projects for a prominent Multi-Level Marketing (MLM) client.

- Implemented solutions using PHP, HTML, CSS, and JavaScript, ensuring optimal functionality.
- Collaborated with the client to understand their unique requirements and delivered tailor-made web solutions including two factor authentication using OTP, dashboards, etc.

IslamiJankari | *PHP, HTML, CSS, JavaScript, WordPress*

2019

Led the design and development of a multilingual educational website focused on Islamic knowledge.

- Leveraged PHP, HTML, CSS, and JavaScript to create an interactive and informative platform.
- Implemented WordPress to facilitate easy content management and updates.
- Ensured cross-cultural sensitivity in design and content, accommodating diverse audiences.
